

Area Challenged: Build Reputation In 1960 Olympics

Bartholmey Raps Critics, Says Organizers Plan For Permanency

As well as facing tremendous advantages as the result of the 1960 winter Olympic games, this combined area also faces an equally important responsibility.

Alan Bartholmey, executive director of the Squaw Valley Olympic Organizing Committee, speaking before the meeting of the Tahoe Sierra Chamber of Commerce last Friday at Zephyr Cove, gave this picture of the games in relation to the region.

Benefits, he declared, will be enormous and, if conducted on a sound basis, will be long lasting, but this can only occur if resort owners and other business people approach the situation in a constructive manner and not charge exorbitant prices for accommodations and services.

"The organizing committee has no control whatever over this problem," Bartholmey declared. "The matter is right in your hands. The world-wide reputation which will result from the games can be good or bad and we hope sincerely that they will be good."

Bartholmey explained the organizing committee's program and struck hard at reports indicating the planning was lagging and behind schedule. He pointed out the intricate and complicated problems being faced and surmounted. He declared that by February, 1967, the committee will be prepared to accept bids and work will commence as soon thereafter as weather permits.

"There are two objectives which the committee is striving for," the speaker declared. "The first is to provide the best facilities and the best games the world has ever known. The second is to perpetuate winter sports in this region by providing permanent facilities at Squaw Valley. Who will operate the facilities following the games is not a question for the committee. The state may continue to operate them, it may be decided to lease or sell them, but our desire is to provide the best."

C. Don Huff, chamber president, presided at the session and the speaker was introduced by Walter Barrett, a member of the California State Olympic Commission.

William Conner of the fish and game committee discussed the fish planting program, while E. V. O'Rourke of Truckee told of the progress being made to provide an adequate airport for the region. George Cannon of south Tahoe talked on proposals for an airport in the Tahoe Valley area.

State Senators Harold Johnson and Swift Berry were also among the speakers on the busy program. George Kehlet, chairman of the advertising committee, told of the work of his group and Fred Main brought the members up to date on plans for the Mile High Regatta to be run at Chambers pier on July 7.

Considerable time and discussion was devoted to Lake Tahoe highway problems and a report of this phase of the meeting will be found in another column of the Sierra Sun today.

Outdoor Sportsmen Seek New Members, Planning Jeep Trek

Activity during the past year has indicated the need for wholehearted and broad local support of the Truckee Outdoor Sportsmen, according to Charles V. Osburn, chairman of membership for the coming year.

Osburn urges all old members to renew their memberships and to bring in as many new members as possible.

He said that applications will be placed at conveniently located business places at Truckee and Donner Lake. The fee is nominal and the benefits to the community are extensive, Osburn declares.

At the recent installation meeting, Osburn was also named chairman of arrangements for the annual Jeep trek into the back country around the White Rock area. He said a date will be set and details announced soon.

Jack Waggoner of Donner Lake has been reelected president of the Sportsmen for another year and Osburn was again named vice president. Edith Welch will serve as secretary-treasurer for the coming year while Frank Fox, Johnny Ciardella, Bill Fordham, Gene Welch and Henry Strelow were named directors.

APPENDECTOMY

Bob Phillips of Sacramento is recuperating from an emergency appendectomy, performed Friday night at Tahoe Forest Hospital. Phillips has been working for the Truckee Coca-Cola Bottling Company this summer.

Happy Birthday—
Among local people celebrating their birthdays today, June 28, are Sgt. Frank Snyder and Lauren Russell.

Truckee Athletics Turn Back Fallon, 2 Games Coming

The Truckee baseball team staved off a rally by the Fallon Merchants here last Sunday to even off a previous loss to the visitors. The game was played before an enthusiastic crowd and offered considerable excitement throughout.

Truckee Pitcher Louis Goicoa started strong, ran into trouble in mid-game and got a second wind in the final frames. The final score was Truckee 12 runs, 9 hits and 7 errors. Fallon had 11 runs, 15 hits and 8 errors. At one point, the locals held a 10 to 1 lead but the Merchants tallied 10 runs in the fifth, sixth and seventh stanzas to tie the score at 11-11. The deciding marker came in the last of the 8th when Ed Freitas scammed in from third when an overthrow to that base went into the outfield.

Next Sunday at 2 p.m. on the Truckee diamond the Electrical Workers Union of the Reno Industrial League will play the local Athletics. On the 4th of July the Truckee team will travel to Colfax for a 2 p.m. game there.

Judge Geo. Jones Last Rites Held

Funeral services were held on Tuesday at Grass Valley for George L. Jones, for 26 years judge of the Nevada County superior court and one of the most venerated citizens of the area. He passed away at Jones Memorial Hospital in Grass Valley last Friday afternoon after a lengthy illness.

Judge Jones was born on Hill Street in Truckee May 11, 1873, son of Dr. and Mrs. W. C. Jones, the former a pioneer physician for the Central Pacific Railroad here. As an infant, he was moved with his family to the western section of the county and had been a resident there since that time. One brother and two sisters were born here while two brothers were born at Grass Valley. His brothers, all of whom entered medical practice, and his sisters preceded him in death.

Surviving are his widow, Mrs. Helen M. Jones of Grass Valley, and two daughters, Miss Nancy Jones, Red Cross recruiting director, of Walnut Creek and Mrs. Thomas Houston, San Francisco.

Judge Jones was elected district attorney in 1902 and became superior court judge in 1908. He served in that post until 1925 when he resigned to become president of the Nevada County Bank. He also returned to private law practice in partnership with Frank G. Finnegan. In 1938 he again was named to the superior court when Judge Raglan Tuttle was elevated to the district court. He served continuously until retiring in 1947 and has served in a relief capacity on assignment since then.

He was very active in Masonic work and was Past Grand Master of California. Last rites were under the auspices of Madison Lodge No. 23 in which he held a 50-year membership. Judge Jones also was a leader in other fraternal orders and in various philanthropic, civic and patriotic endeavors throughout the county.

Roland Gautsche Has Rough Week, Operation

Last week was not one of the best Roland Gautsche ever had. As a matter of fact it was one of the worst.

First off the young service station attendant suffered a badly scalded face when a boiling car radiator blew up when he released the cap. He was just starting to have some relief from that painful injury when he was stricken Wednesday night with a severe attack of appendicitis and an emergency operation at the Tahoe Forest Hospital Thursday morning was required.

At latest reports, Roland was improving from both. He is the son of Mr. and Mrs. William Gautsche.

From Sacramento—

Mr. and Mrs. Ed Kaler of Sacramento returned to the mountains Saturday to spend the summer here.

In New York—

Miss Adele Parsons is spending her vacation from Tahoe Forest Hospital staff work in New York.

Traffic Accident Volume Rises On District's Roads

Truckee Man In Hospital After Driving Into Donner Lake

A series of motor vehicle accidents in the area kept the Truckee squad of the California Highway Patrol busy during the past week and sent several patients to the Tahoe Forest Hospital, according to Sgt. Frank Snyder, in charge of the local CHP unit.

Most spectacular accident of the past week occurred at 9:35 Saturday evening on Chicken Ranch hill a mile east of Truckee on Highway 40, when six men were injured in a head-on collision.

According to Patrolman Roy Stallard, who investigated, a car driven by Ralph Gerald LeBar of Broderick attempted to pass a truck on the crest of the hill without sufficient clearance and met a vehicle driven by Edward Anton Franek of Fairfield. LeBar was cited for passing on a blind crest and for failure to yield right of way. The injured, who were taken to Tahoe Forest Hospital by Truckee Ambulance, are Franek, severe chest injuries; LeBar, lacerations of the left leg and scalp; Frank Buttaacavi, North Sacramento, lacerations and abrasions; Dave Gambrel, Sacramento, fractured pelvis; Anthony Sottile, Sacramento, injuries of the scalp and left arm; Stephen J. Gillon, Del Paso Heights, fractured ribs and back injuries. All except Franek were riding in the LeBar car.

Sick Child

At 10:13 Saturday morning Mrs. Alberta Lucille Stark of Tahoe City and her children escaped injury but her car was badly damaged when it was wrecked east of Truckee on Highway 40. Mrs. Stark was traveling east when a child riding in the back seat became ill. Mrs. Stark pulled over to the side of the road, losing control.

Little League Nets \$83 At Cake Sale Friday

The Little League benefit cake sale held last Friday netted \$83 for the young baseball players' program in Truckee. This was announced at a meeting of Little League coaches, managers and directors in the Community Church Monday evening.

During the session, finances and schedules were discussed at length. It was also reported that both personal and financial assistance are still urgently needed to insure success of the Little League program here.

Local Savers Gaining \$10,856.46 in Interest

Lee Apple, manager of Truckee branch, Bank of America, reveals that distribution of semi-annual interest on local bank accounts is now in progress. Apple reports that \$10,856.46 in interest on savings accounts for the past six months will be gained by depositors in the Truckee branch.

Mid-Summer Ski Meet Being Held on Sunday

The Sixth Annual Mid-Summer Ski Derby will be staged at Squaw Valley on Sunday afternoon, July 1, sponsored by the Squaw Valley-Lake Tahoe Ski Club and sanctioned by the FWSA.

The giant slalom will be held on the Nose to the right of the head-wall under the tram. The tight 35-gate course is being set by Joe Merrillac, ski school director at Squaw Valley.

Back from Ukiah—

Mr. and Mrs. S. A. Follett have returned from a week's visit with their son, Marion, and his family at Ukiah.

On a Sunday Afternoon—

Virginia, daughter of Mr. and Mrs. Harry Barnes, was complimented by her parents on her birthday, Sunday, June 24.

House Guests—

Recent house guests at the Wm. Englehart Sr. home here were Mr. and Mrs. Ed Lowell of Sacramento and Mrs. Ray Charles and son, Dr. Jim Charles, of Redding. Dr. Charles has been attending a medical convention at Lake Tahoe.

My Place In the Sun

by DOUG BARRETT

Constable "Tom" Dolley tells me the fancy bus here last weekend for the Los Angeles County sheriff's department represents an economic approach....it's used to go from town to town gathering in fugitives from L. A. justice from pokies in the hinterlands....Seeing them putting the skids under the old SP Hotel reminds me....we went to the show in the Oak Park section of Sacramento not long ago and met Bob Buddle out for a stroll....as a matter of fact, Barbara spotted his little dog trotting half a block ahead of him before we saw Bob....Although we live in the same village now, we still have to come to Truckee to have a visit with Anton and Agnes Mahne....His friends will be sorry to hear that young Brian Phipps had to have an eye removed as a prolonged aftermath of an accident which occurred while the family was living here....knowing Brian, they will not be surprised to know he came through the operation fine and bravely....and they'll be glad to know he is progressing well at his Broderick home and will be able to go back to school in the fall....Chatted with my long time friend, Joe Joerg, up for the summer with his cattle herd....he tells me water and feed conditions here are much improved over the 1955 season....Reg and Arlene Smart tired but happy Sunday morning....after an all-night session at their cafeteria....Smart's was a check point and rest stop for a time test run by a group of sports car enthusiasts....over 150 cars started from Sacramento, swung on course up over Yuba Pass and home via Truckee and Donner Pass....Octavia Vaughan and her daughter were at a Bluebird doings in Wm. Land Park recently with my wife and girls....Tave's friends here will be interested to know that in her spare time she's taking courses at college....aiming at a teacher's ticket....Leaving work at the State Capitol one Saturday afternoon got a friendly station wagon toon from Frank and Melba Giovannoni....who were passing through town on their way to cooler climes across the valley....Enough for this year....see you again....

Lake Forest Resident Heart Ailment Victim, Rites Slated at Chico

Harvey J. Proctor, 42, of Lake Forest died in Truckee early Wednesday morning, the victim of a chronic heart ailment. He lived in the Tahoe area for the past 10 years and for two years has been working for the Tahoe Boat Company at Tahoe City.

He is survived by his widow, Louise, and a daughter Betty, 11. Local arrangements are being handled by Truckee Colonial Mortuary. The body will be shipped to Chico for burial. Funeral plans are still pending.

Drunk Driver Assessed \$350 by Judge Wilson, Court Has Active Week

Deputy Sheriff Roy Waters reported this week that James T. Gresham of Walnut Creek was assessed a \$350 fine by Judge F. W. Wilson on a drunken driving charge filed by the California Highway Patrol. Gresham was given the alternative of serving 75 days in jail in lieu of the fine.

According to Waters, Eugene Dunbar of San Francisco was sentenced to 10 days in jail for pandering, Armand C. Herbert of Oroville drew a 10-day sentence for being intoxicated in a public place and John W. Armstrong received a similar sentence from Judge Wilson.

Vacation Church School Schedule is Shifted

The Rev. Wesley Osman announced a change in the hours for daily vacation Bible school at the Community Methodist Church in Truckee.

Because of the community swimming instruction program starting Monday, July 2, a conflict developed in the schedule of the church school. Therefore, instead of the 9 to 12 a.m. schedule there will be afternoon sessions from 1 to 3:30 p.m., the minister said.

With Sister—

Mrs. Caroline Pickit of Carmel Highlands is enjoying a vacation visit here with her sister, Mrs. F. A. Titus. Also visiting Mrs. Titus are her son, Jack, and his children, Don and Linda, of San Rafael. Another son, Frank, joined the family, briefly Wednesday from his Reno home.

Share Birthday—

Mrs. Walter Loynd and Jerry Little both celebrated their birthday anniversaries June 22.

Truckee, Tahoe Plan Fireworks On 4th Holiday

Local Chamber, Firemen At Lake Sponsor Pyrotechnics

A Truckee Chamber of Commerce committee, headed by Rex Reld and Earl Stice, will sponsor an Independence Day fireworks display again this year at the west end of Donner Lake.

The show will begin at approximately 8:45 p.m. at about dusk.

The U. S. Forest Service is co-operating with the local committee and will stand by as an extra precaution against any fire danger.

Stice said that several three and four burst aerial displays will be featured. A number of local groups and families plan picnicking and boating parties prior to and following the fireworks.

"Our efforts are directed principally at the young people of the area," Stice said. "With the 4th of July coming at mid-week this year, all local residents are urged to come out to Donner Lake and enjoy the fireworks."

TAHOE CITY— Preparations for Tahoe City's annual 4th of July fireworks display are nearing completion, and Al Henry, chief of the local fire department which sponsors the event, said the display will have all the latest inventions in night time pyrotechnics.

The fireworks will be shot, as usual, from the beach, away from spectators, and from a pier for a clear view of the art displays. There will also be torch water skiing on the lake.

There will be extra highway patrolmen and deputies sheriff to direct traffic and parking of automobiles. Last year every available parking space in town was occupied and late comers were forced to park in vantage points on residential streets and the best places to be found north and south of town.

Basil Kehoe will be in charge of shooting the fireworks.

First Steps Are Taken To Lay Out Ski Runs For Olympic Games

The first physical steps toward preparing courses for the 1960 Winter Olympic Games at Squaw Valley are being taken this week as Willi Shaeffer of Denver begins preparing the main run and alternatives for downhill events.

Shaeffer has been hired for this purpose by the organizing committee for the games. He is being assisted by Nelson Stone of the Truckee Forest Service station and W. S. Davis from the Regional Forester's office at San Francisco.

A meeting was held at Squaw Valley on Monday to discuss the work. Alan Bartholmey, executive director for the organizing committee, and Pete Jones of the committee met with Frank Fox, Perry Lowden, R. I. Nicholson, of the state division of highways; Howard Smith, L. A. (Gus) Rickel, Davis and Stone, of the forest service, and other local people. Cooperative use of equipment and specific equipment needed for the work were discussed.

Unauthorized Fireworks Are Forbidden by Law

Nelson Stone, fire control assistant at the Truckee Forest Service station, warns that the discharge, handling and transportation of fireworks in the National Forest are prohibited by law. Stone pointed out that only supervised, sanctioned public displays are permitted.

He called attention to the 4th of July fireworks at Donner Lake and Tahoe City. He also said that if parents will keep fireworks out of the hands of children they can save at least four forest fires on the Truckee district over the holiday, based on past experience.

In San Francisco—

Mrs. Henry Tocalini, wife of the dispatcher at the ranger station here, is in San Francisco undergoing medical treatment.

Lodge Leader—

Joseph R. Saia, former Truckee man who is now a Sacramento produce dealer, has taken up his duties as commander of the Council Knight Kadosh, Scottish Rite Bodies, in the capitol city.

Airport Survey Funds Granted By Supervisors

The Nevada County board of supervisors last Thursday voted to authorize T. H. McGuire and Sons to make a survey of a potential airport at Truckee, including cost estimates. The board action followed a request by Supervisor H. G. Loehr. The use of \$2,500 from aviation gas tax funds was approved for this project.

Loehr said he waited until that time to make the request to see the outcome of a poll taken among voters in the Tahoe-Truckee Unified School District asking whether they would fully support an airport. According to Loehr, the results were favorable by a 3-to-1 margin.

This survey, he said, would in no way conflict with current plans by the Nevada County Planning Commission for asking for a master plan of all county airport sites, including Truckee, Nevada City and Loma Rica, to put the county of an eligible basis for matching funds.

In other action affecting the eastern section of the county, the board approved state plans for the proposed underpass at Trout Creek on the US 40 underpass, with the stipulation that county financial participation is not anticipated. The supervisors also agreed to write Congressman Clair Engle urging speed-up action on a \$17,000 against the federal government for U. S. Forest Service damage to the Truckee River Bridge.

County Clerk Dies Working on Budget

The Nevada County board of supervisors will receive applications for the position of county clerk and auditor to replace the late Ralph E. Deeble, who passed away suddenly at his Grass Valley home on Sunday. The board expects to fill the office at its meeting on July 2 at 2 p.m.

Deeble was widely recognized as one of the best qualified, efficient and thorough county officers in California. His death, attributed to a heart attack, came as a severe shock to his co-workers and hundreds of friends throughout the county.

He was appointed clerk to succeed the late R. N. MacCormack in September, 1947, and had been elected by the people twice since then.

Deeble died sometime between 8 and 9 o'clock Sunday morning. He was in the midst of urgent preliminary work in connection with preparation of the 1956-57 county budget and was working at home when the end came. His wife returned home from church and discovered him seated at a table, his work spread before him, apparently asleep.

Funeral services were held yesterday afternoon at Grass Valley. Deeble was active in the Grass Valley Elks Lodge, the NSGW, Lions Club, Eagles and Masonic orders. He was born in Grass Valley May 13, 1904, and lived all his life in that community.

Beside Mrs. Deeble, a niece, a nephew and an aunt survive.

Unauthorized Fireworks Are Forbidden by Law

Nelson Stone, fire control assistant at the Truckee Forest Service station, warns that the discharge, handling and transportation of fireworks in the National Forest are prohibited by law. Stone pointed out that only supervised, sanctioned public displays are permitted.

He called attention to the 4th of July fireworks at Donner Lake and Tahoe City. He also said that if parents will keep fireworks out of the hands of children they can save at least four forest fires on the Truckee district over the holiday, based on past experience.

In San Francisco—

Mrs. Henry Tocalini, wife of the dispatcher at the ranger station here, is in San Francisco undergoing medical treatment.

Lodge Leader—

Joseph R. Saia, former Truckee man who is now a Sacramento produce dealer, has taken up his duties as commander of the Council Knight Kadosh, Scottish Rite Bodies, in the capitol city.

U. S. 40 Routing Given Approval By Commission

Rule Dog Valley Question Was Settled in '22, Reject Delay

SACRAMENTO —(CNS)— The California State Highway Commission last Thursday adopted a freeway routing for relocation of 15.5 miles of US 40 between Donner Lake and Floriston.

The adopted route, recommended by State Highway Engineer George T. McCoy, runs parallel with and to the south of the present highway from east of Donner Lake to west of Truckee, swings north of Truckee and Truckee Airport, joins the existing highway west of Boca, and then runs to the north again to a junction with the present route near Floriston.

The commission's action came shortly after a delegation from Nevada and Placer counties appeared before the commission and urged adoption of the route, referred to as the Truckee River Canyon route.

State Senator Harold T. Johnson, Roseville, head of the delegation, asked for the commission's quick action to assure completion of the project in time for the 1960 winter Olympic games at Squaw Valley.

Johnson pointed out that a public hearing on the proposed route, held in Truckee, produced no protests, and he contended that further public hearings on the matter were unnecessary.

Hal Welch, president of the Truckee Chamber of Commerce, and Jim Dobbis, president of the Placer County Chamber of Commerce, supported the route which the commission later adopted.

Objection to the proposed routing was voiced at the commission's meeting by Hal Wright of Loyalton. Wright urged the commission to adopt a Dog Valley freeway routing which would carry US 40 to the Nevada State line. However, commission members pointed out the Truckee River vs. Dog Valley routing for US 40 was settled back in 1922 and a short time later adopted the Truckee route.

Plans of the division of highways call for construction of a four-lane freeway on relocation in the Truckee area at a cost of about \$10,570,000, including rights of way. Start of construction will depend upon availability of future state highway funds, the commission said.

Public works officials said construction is expected to get underway later this year on a five-mile freeway section from Floriston to the Nevada State line.

Beside Welch, Charles Osburn and Jerry Lewis of Truckee attended the commission meeting at Sacramento for the freeway hearings.

Fred Dolleys to Mark Golden Wedding Date At Son's Home Here

The Golden Wedding anniversary of Mr. and Mrs. Fred Dolley of Santa Cruz will be celebrated at the home of Mr. and Mrs. N. F. Dolley at Donner Lake on Tuesday, July 3, with the couple's three children, Mrs. Graham Gordon, Jack Dolley and the local man, with their families, arranging the affair.

Following the reception, a dinner will be given for the invited guests at Cozzi's restaurant.

Linus Dolley, father of Fred Dolley, settled in Sierra Valley in 1865, where he had extensive lumbering and ranch holdings. He was owner of Campbell's Hot Springs and was also a partner in the Golden Hotel. He was vice president of the old Farmers and Merchants Bank, now the First National Bank of Nevada. Mrs. Dolley's father was M. J. Curtis, former Nevada state architect, who was superintendent of construction for the Nevada State Prison.

Fred Dolley was engaged in the grocery business at Reno until 1915 when he moved to Sierraville. There he operated a general store until 1940 when he retired and he and Mrs. Dolley moved to Santa Cruz. Mrs. Dolley is very active in lodge, club and church work in the coast city.

N. F. Dolley is constable and fire chief here. He also operates the Colonial Mortuary and Hotel Truckee. Jack Dolley is with the Linebaugh Lumber Company of White Pine and Mrs. Gordon is married, making her home in Reno.

In attendance at the reception will be Mrs. Dolley's brothers, Elbert Curtis of Huntington Park, Melvin Curtis of San Francisco and Allen Curtis of Reno, as well her husband's three sisters, Mrs. Edith Williams, Mrs. Cora White and Mrs. Evelyn Champion, and his brother, Ed Dolley, all of Auburn.

Also to be present are Mrs. Jean Luke of Sacramento, Tom Dolley of Truckee and Dennis Dolley of White Pine, grandchildren of the honorees. Another grandson, Raymond Dolley, is serving with the Air Force in Greenland.

Mrs. Williams, Mrs. White and Miss Edith Hurd of Reno were all in attendance at the wedding 80 years ago and will all attend the party on Tuesday.

AFFAIRS OF STATE

Henry C. MacArthur

SACRAMENTO —(CNS)— Just about anything can happen to the California Assembly next November, insofar as party lines are concerned, a survey of the primary elections returns indicates.

For out of 80 seats in the assembly, there will be at least 60 run-

offs at the general elections between Democrats and Republicans. The significant thing about the primaries, however, is the fact that 14 Democrats were re-elected, that it, they won both party nominations, at the primaries, while in the Republican column, only four incumbent candidates chalked up victories.

A couple of races still were in doubt, but one was Democratic and the other Republican, so the proportions would not be changed much is final tallies chalked these two up as victories. On the other hand, if there are run-offs, the to-

tal would be increased to 62.

The primary results indicate an increasing trend toward party politics in California, far and away from the so-called "non-partisan" government California has seen since the inauguration of the direct primary, and the almost unique system of permitting candidates to cross-file, that is, appear on both Republican and Democratic tickets.

Whether this is good or bad, of course, remains to be seen, but at least the trend augurs well for more frequent change in the house, and for the elimination of what has become known as the "professional legislator", that is the politician who comes back every two years ad infinitum, and who has no visible means of support other than his activities as a legislator.

The trend also presents a good many arguments in favor of throwing out the cross-filing system, now that the law requires the party designation on a candidate. For it is a well-established fact that in the past, voters were not conscious of the candidate's party affiliation. Since the time the direct primary system was established in California, there never have been as many run-offs as the general election for assembly seats, one astute political observer says.

Of course, many of these run-offs mean little as far as incumbents are concerned at the general election, but on the other hand, enough republicans are in enough trouble to give the Democrats a majority when the final votes are tallied.

Computing the vacancies at the

Tahoe Sunday School Time is Moved Up

TAHOE CITY— Mrs. Jerry Waters, superintendent, announced that the starting hour for Tahoe City Sunday School each Sunday at Tahoe Community Center has been advanced from 10 to 9:45 a.m. to permit those attending to participate in church services at the Outdoor Chapel at Tahoe City.

Mrs. Waters says that Sunday School attendance has been excellent and she said that everyone is welcome.

time of the June primary, eleven in all, neither party had a majority, as 36 Republican incumbents sought re-election and 32 Democrats. A majority in the assembly is 41.

Such republican stalwarts as L. H. Lincoln, speaker of the house; Thomas Caldecott, Berkeley, who is chairman of the ways and means committee; Harold Levering, of Santa Monica, who is known as "Mr. Republican" himself; Ernest Geddes, of Los Angeles, and many others who normally would win in the primaries, are facing the prospects of a summer campaign.

So the days of ease for incumbents securing assembly seats appear to be over, and from now on, it is almost a certainty that both political parties will be forced to throw more resources into the campaigns if they want to maintain a majority in both the assembly and the state senate, as well.

Parking Ordinance Poses Problems For Lake Businessmen

TAHOE CITY— The recently organized Tahoe City Area Improvement Association met last Thursday night at the Community Center here. The major object of the meeting was to further the discussion of off-street parking in this community. A newly passed Placer County ordinance provides that in the future there must be off-street parking around any new commercial building.

There are three parcels of property in town between built-up sections which cannot be used because of it not being possible to comply with the new ordinance. Unless the Placer County Planning Commission can be lenient enough to consider them as "hardship" cases and reduce parking space requirements on such properties, the owners will not be able to carry on the business development planned for them.

The ordinance calls for off-street parking on new property, enough for one auto to every 150 feet of floor space in rooms or offices.

Parking areas discussed at the meeting included that of the highway we near the Truckee River bridge, the Tahoe City Commons and the lower end of the Tahoe Lake School property.

All of the properties mentioned would need improvement for use as business places with parking areas and it is the intent of the improvement organization to formulate definite plans to present to the planning commission and to invite one or more of its members to attend a meeting here in the near future.

President Dr. S. M. Dingwall presided over the association's meeting and speakers included Realtor Fred Kilner who stated he had learned that the Tahoe City we could be had for a parking area under certain conditions but that improvement of that space would be quite costly.

Wayne Poulsen of Squaw Valley recommended an investigation of the possibility of obtaining state funds earmarked for parking at the 1960 Olympics which might be used for parking facilities in Tahoe City.

NEWS NOTES FROM TAHOE

by Ethel Joslin Vernon

Returning

Lakeshore residents who have been for long months away from their Tahoe homes are now coming back almost every day as June advances toward July and the real mid-summer season. In their Tahoe Park home this week Mr. and Mrs. Ernest Pomin are getting settled for another happy summer beside the lake. Ernest is feeling his natural self again after many wearisome weeks spent in a bay region hospital. His wife, Northie, has just returned home here from a short stay in a Reno hospital where she was under treatment and is feeling well again. Their daughter, Mrs. Nellie Boge, has come up from the city also to

spend some time this summer with her parents. The entire family made a trip to Sparks, Nevada, only a few days ago to attend the wedding of a granddaughter, Beverly Gay Pomin, of that city. Beverly is the daughter of the Pomin's son, Stanley, who for several years in the recent past served as justice of the peace in the south Tahoe locality.

Garians Back

Mr. and Mrs. Harry Garian and small son, Gary, are again here for the summer from their winter place in Los Angeles. The Garians are residing in the A. M. Anderson's lakeside cottage on the Cliffs this summer though Garian is already busy once more as captain of the excursion launch "Nomad." For the past five summers he has guided the Nomad on her pleasure trips from Meeks Bay to Emerald Bay and from Sunnyside to Kings Beach. Through most of the year, from September to June, Garian teaches school in Los Angeles.

Tahoe Parkers

Other summer residents who are up from winter homes for the season are Dr. and Mrs. H. H. Searls who have opened their Carnelian Bay lodge, and Mr. and Mrs. William Wallace Mein Sr. who have been enjoying their lakeshore home at Tahoe Park for two weeks. Also, the Burt Scotts are expected at their Tahoe Park home within the next few days.

In Tahoe Pines

Mr. and Mrs. Robert Walker and family, from their home in the bay region, are occupying the former Henry Droste home in the Tahoe Pines locality. Mrs. Walker is the former Patricia Droste, daughter of the late Mr. and Mrs. Henry F. Droste. Mrs. Walker visited last week with Mrs. Rose Droste in a Reno hospital, where the latter has been for a few days under treatment.

Purchase Home

Mr. and Mrs. Jim Brehler, residents of Tahoe City for the past three years, has just purchased and moved into a new home of

their own on the lakeshore at Agate Bay. The cozy cottage is fully and comfortably furnished and the Brehlers are settled there permanently. Jim Brehler is athletic director and coach at the Tahoe-Truckee High School and Mrs. Brehler was recently installed as the new president of the Tahoe Womens Club. Jim's mother, Mrs. J. Brehler Sr. from Sanger is at present spending a vacation period with them in the new home. Their two years old son, Billy, celebrated his second birthday on last Thursday with a party in the green and flowering yard of the Starratt home in Tahoe City, with little Anne and Sally Starratt as hostesses.

Barbecue Party

On Sunday afternoon the Snyder's of Lake Forest gave their annual summer barbecue in the beautiful grounds surrounding the A. L. Snyder home on the lake shore. The Al Snyders Sr. were co-hosted by Mr. and Mrs. Don Snyder and Mr. and Mrs. Steve

Korich. More than 100 friends and neighbors attended from about the lake region and Truckee. Everybody had a delightful time and enjoyed a wonderful barbecued dinner.

Buy Lodge

Mr. and Mrs. Burtell Anderson, proprietors of Pineland, have recently purchased the Edwards Lodge, a resort at Tahoma, from Mr. and Mrs. W. M. Dugdale. The new owners expect to take possession early in the fall.

Rents Cottage

During the past week Mrs. Ida Simmonds rented her Tahoe City cottage to the Basil Kehoe family for the summer. The Kehoes are present owners of the former Atherton Mercantile store at Tahoe City.

Recent Birthdate

Gary Anderson of Tahoe City, who celebrated his birthdate June 20, expects to continue his study of electronics at the University of California following the summer vacation.

Young Couple United At Tahoe Ceremony

TAHOE CITY—Bruce Gundersen of San Francisco and Janice Brodehl of Oakland were married Friday, June 23, at the Chapel of Transfiguration near Tahoe City. The Rt. Rev. Noel E. Porter performed the double ring ceremony. Her grandfather, Daniel Brodehl, gave the 23-year-old bride away.

The bride wore a gown of Swiss eyelet embroidered organdie with long bodice and full length three tiered skirt. The silk illusion veil was held in place by a small organdie crown. She carried a bouquet of white orchid and a prayer book. Maid of honor, Toni Ann Brodehl, was dressed in white lace over pastel taffeta of yellow, blue and orchid colors. Mothers of both the bride and groom attended. Irving Schroeder was best man.

The bride, a former resident of Stockton, attended college at Stockton.

Following a reception at Crystal Bay Club, the couple is spending a honeymoon at Lake Tahoe.

Ballot Booklet Will Use 35 Tons of Paper

SACRAMENTO (CNS)—It will take 35 tons of newsprint to inform California voters of issues to appear on the general election ballot in November, State Director of Finance John M. Peirce reports.

Peirce said the 80-page pamphlet will appear in larger type this year than in 1954.

Extra paper had to be purchased, Peirce said, after the oil and gas conservation initiative measure qualified to appear on the ballot. The measure, which will appear as Proposition 4, added 32 pages to the explanation pamphlet. The director said the state printing plant will have to run day and night for 40 days to turn out the 6,400,000 booklets to be mailed to voters.

PATRONIZE LOCAL STORES

Will Try to Bring Back Cutthroat Trout to Lake

The Nevada Fish and Game Commission at Carson City announced it is attempting to reestablish cutthroat trout in Lake Tahoe.

Surplus spawners taken from Heenan Lake in Alpine County, California, have been placed in the Upper Truckee River and in Taylor Creek near the old Mount Tallac hatchery.

At one time, cutthroat represented a major share of the fish caught at Lake Tahoe but no catches of that species have been reported for the past eight years.

Planting of the unspawned cutthroats from Heenan Lake, a fish and game spokesman said, amounts to the equivalent of taking about 40,000 eggs and stocking fry into the two streams.

NOTICE to TAXPAYERS

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Nevada, State of California, will sit as a Board of Equalization on MONDAY, JULY 2nd, MONDAY, JULY 9th, and MONDAY, JULY 16th, 1956, for the purpose of equalizing the assessment rolls of the County of Nevada.

NOTICE IS HEREBY FURTHER GIVEN that any taxpayer of the said County of Nevada who desires to file any objection to his assessment as made by the County Assessor may appear before the said Board of Supervisors on any of the above dates between the hours of 10 o'clock A.M. and 4 o'clock P.M. and present his objections. If no person appears and presents his objections to said assessment, said assessment will remain the same as set forth in full on the rolls of Nevada County for the 1956-57 tax year as prepared by the said County Assessor.

**WHAT'S
DOING**

New Tahoe Directory Delivery

Delivery of Lake Tahoe's new telephone directory will begin today, June 28, and end tomorrow. We urge our customers to check the beginning pages of the book for police and fire department emergency numbers. And also to put the number of the family physician in the place provided for it. Directions for making out-of-town calls, rates for distant points, instructions on service calls, tone and signal explanations are given in the pages at the front of the alphabetical section. On the cover of this year's book is a scene of Lake Tahoe and Mt. Tallac.

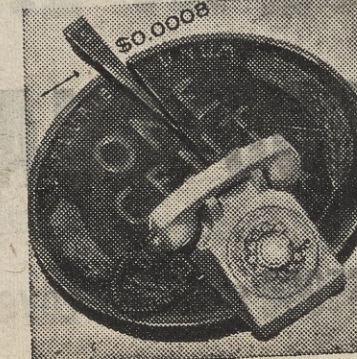

A telephone helps plan for pleasure

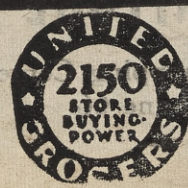

Here's a picture of a family starting a pleasant weekend vacation trip. And here's how they planned it. His wife called the sports shop to see that their tennis rackets were restrung. She phoned the cleaners, too, about that suit she wanted to wear. And they arranged, by telephone, for the neighbors to feed the cat. He called ahead for reservations and they're off. Sure—this is a special occasion. But even if it's everyday, the telephone is always ready to do so many things, so quickly, and with so much convenience. The men and women of Pacific Telephone work to make your telephone more useful every day.

Like to take a trip at \$0.0008 a mile?

If you could journey across the nation at the rate of eight-hundredths of a cent a mile, you'd say it was pretty low-cost traveling, wouldn't you? Well, it costs no more to send your voice traveling cross country from right here in town. For only \$2.00 plus tax—that's the station-to-station rate after six o'clock on weekdays and all day Sunday—you can have a friendly three-minute telephone visit that will bridge as many as three thousand miles. Isn't there someone who would like to hear the sound of your voice tonight?

Isn't there someone who would like to hear the sound of your voice tonight?

Tahoe Invitational Golf Tournament During Weekend

Between 250 and 300 entries were predicted for the June 29-July 1 Lake Tahoe Invitational Golf Tournament as the lists closed yesterday.

Peter Marich of the Washoe County golf course at Reno is the tournament director of the three-day best-ball tourney which will be played on courses at Glenbrook, Tahoe City and Brockway, at the north end of the lake next weekend.

The event is backed by Cal-Neva Lodge, Tahoe Biltmore, Bal Tabarin, North Shore Club and Crystal Bay Club. Pairings for the first day's play were scheduled for this morning, Marich indicated.

Expected in the last-minute rush are many entries from western Nevada and the Lake Tahoe region and from the ladies. Beautiful trophies have been prepared for the feminine entrants. Entry fee of \$20 for the tournament includes all the social activities, beginning with a steak dinner and Calcutta party tonight at Cal-Neva Lodge and closing with the trophy award guest pro flight.

The Teacher With All The Answers

Monsignor Ronald Knox, internationally known scholar and author

OUR TIME has seen a great popular interest in comparative religion. Even popular magazine articles point out the similarity of the world's great religions.

But comparative religion is an admirable recipe for making people comparatively religious. Such a study often leads one to conclude "that there isn't much of a difference after all."

CHRISTIANITY, as taught by Christ, is different, however. It is a fallacy to think you can compare it with other religions as if it were on the same level.

When you compare Christianity with Confucianism, you are comparing two systems of personal morality. Compare Christianity with Mohammedanism and you are comparing two forms of fighting enthusiasm.

WHEN YOU compare Christianity with Buddhism, you are comparing two streams of mystical tendency. And unconsciously, you have recognized that Christianity is something greater than any of the others. Each of the others corresponds to one particular need; one particular mood of man; Christianity corresponds to all three.

Christianity is not just a system of morals. Our Lord did not come to give us a set of helpful quotations to print in calendars. He came to tell us about Himself.

Did Confucius ever say, "All power is given to me in heaven and on earth?" Did Mohammed ever say, "Whosoever confesseth me before men, the same will I confess before my Father who is in Heaven?" Did Buddha ever say, "No one cometh to the Father but by me?" This was Christ's teaching. Jesus Christ didn't think of Himself as the leader of just another religion. He knew, and preached to men, that He alone was the way to God.

SOME MEN will point out the great likeness between Christian and Buddhist saints and mystics. But Christianity is something else besides mysticism, whereas Buddhism is precious little else.

Christ offers us a new, supernatural life, complete with all its faculties, in the midst of this troubled world. No one else offers us that; no one else dares claim of us the faith to believe in that.

REJECT HIM if you will, but do not try to match Him with the world's other teachers. He will not be content to take His place in a series; He is nothing, if He is not unique.

† Periodic Feature Service, Washington 17, D. C.

Knox

cocktail party Sunday evening at the North Shore Club. In between will be a cocktail affair Friday evening at Bal Tabarin and a Saturday social get-together at the Crystal Bay Club.

Another sidelight to the best-ball play itself will be a hole-in-one contest to be staged at the Tahoe City course on the 130-yard ninth hole. First ace of the tourney or nearest tee shot during the entire tournament will win a set of golf clubs valued at more than \$160.

Among the entries are Frankie Albert, coach of the 49er professional football team; Jack Banta, member of the Los Angeles Rams football squad; Lt. Bob Atkinson, scratch golfer and holder of Reno Golf Club and Reno city titles.

Last year 282 golfers participated in the Lake Tahoe Invitational, which was divided into four flights for the male amateurs, plus a ladies flight and a special

Level of Lake Tahoe, Weather Data Cited

TAHOE CITY—According to A. E. Frodenberg, official observer, the level of Lake Tahoe Monday morning was 6228.83 feet with seven gates open. Between June 18 and June 25 the temperature here ranged from a low of 20 degrees to a high of 75.

Chamber Director—

Herbert P. Obexer of Homewood was named one of five new directors of the Placer County Chamber of Commerce at a meeting held in Auburn last week. Other communities represented among the new directors are Auburn, Roseville, Rocklin and Colfax.

Old Adobe

San Francisco's first building, an adobe in the Presidio, now serves as the Officers Club.

Cave Rock Road Work Protest Petition Sent To U. S. Roads Agency

CAVE ROCK—Permanent and summer residents of this area of Lake Tahoe are petitioning the U. S. Bureau of Public Roads to stop work on the U. S. 50 improvement project near Cave Rock.

They are asking, specifically, that no work be done during the summer months and that something be done about the ear-shattering dynamite explosions and the nerve-shaking rock-crusher operations.

The petition notes that the work of excavating and preparing a second tunnel through Cave Rock has been under way since last November and "has occasioned much injury, annoyance and discomfort . . . to almost all persons living and/or doing business in the area."

Traffic jams, blasting and "great noise" continue for some 20 hours a day, the petition adds. The traffic interference has "injuriously affected communities on Highway 50, even at great distances from Lake Tahoe," it adds.

The work being done should have been completed by June 1, the petition states, but will not be completed until next month. Tourists have accordingly cancelled accommodations in the area, the signers declare.

The petition says "such planned work need not be done during any summer month," and the demand that no work be done through June 1 and September 15 in the area is included in the document.

It also asks that penalty for non-completion of contract by the specified date be increased to at least \$400 per day, that no unusual noise or traffic delay be carried on at night, nor for more than 10 hours per day, and not on Saturdays, Sundays or holidays.

Also asked is that "reasonable but definite" limitations be placed on quantities of dynamite detonated. Large blasts in recent weeks have injured property and caused "undue traffic holdups" while big amounts of debris are cleared, the petitioners say. The petition concludes with a request that rock-crushing machinery be located elsewhere.

Motor Vehicles Head Warns Ticket Skips May Forfeit Licenses

SACRAMENTO —(CNS)— The state is slowly catching up with drivers who fail to appear in court to settle traffic violations.

Paul Mason, state director of motor vehicles, said more and more motorists are learning that their drivers licenses will not be renewed as long as ignored citations are chalked up against them.

Under a law enacted by the legislature in 1951, which became effective in 1952, the state depart-

ment of motor vehicles is notified by traffic courts of cases involving licensed drivers who failed to honor signed statements to appear in court on traffic violations.

The department, Mason said, does not issue new licenses or renew old ones to motorists who have stop notices filed against them by the courts. Issuance or renewal cannot be obtained until applicants get clearance certificates from the courts.

Mason said that in the first three years after the law became effective, the department received 372,145 stop notices from the courts.

As of March 31, 1956, the department had 177,710 unexpired notices on file, the director said.

Mason said effectiveness of the law is shown by increasing ratios of clearance certificates being forwarded to the department. In 1953, he said, 37 per cent of the notices of failure to appear were settled. The next year, 48 per cent were cleared, 56 per cent in 1954 and 62 per cent last year.

Mason said the law has proven to be "an important means of forcibly bringing to the attention of the motoring public their responsibility to discharge their obligations to the courts."

Californians spent \$18 billion for goods and services in 1955.

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, California, at the office of the Superintendent of Schools, Truckee, California, on or before, and no later than 5:00 P.M. on the 16th day of July, 1956, for the contract or contracts to supply furnace oil to the schools of the Tahoe-Truckee Unified School District in accordance with specifications on file in the office of the Superintendent of Schools.

No bid will be considered unless it is made up on a form provided by the Owner and accompanied by a certified check, cashiers check, or bidder's bond in the amount of One Hundred (\$100.00) Dollars made payable to the Owner. The above mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents.

The Governing Board reserves the right to reject any and all bids, in part or in total, to waive any irregularities, and to be the sole judge of the suitability of the product offered.

Bidders are required to submit complete specifications with prices for any and all products offered.

By order of the Governing Board of the Tahoe-Truckee Unified School District.

R. E. SMART, President of the Governing Board
Tahoe-Truckee Unified School District (tjy12)

By JUDGE HARRY CHARRISON

District Attorneys Convention

District Attorney Al B. Broyer was our special guest this week, and Mrs. Broyer, of course. Registration started on Tuesday afternoon when the delegates started coming in pretty fast from all counties in California. The Brockway Hotel was filled to the limit—in fact Al Broyer and his good wife had to make shift with the Doctor's apartment in the rear of the P. O. just for a time, that is, but even in that short time people called him "Doc." On Wednesday a big meeting was held with Dist. Atty. Clyde H. Larimer of Glenn County presiding and Al B. Broyer of Placer County made the welcoming address. The Placer board of supervisors, which included J.

B. Paolini, John Boyington, Frank Paoli, Wesley Waddle and L. L. Anderson; Assemblyman Francis C. Lindsay, Senator Harold Johnson of Roseville, Sheriff Wm. A. Scott of Placer County, Judge Harry Charrison of Tahoe City and Kings Beach, and Constable Richard A. Lavery of Kings Beach also attended. State Attorney General Edmund G. Brown addressed the gathering, Undersheriff Michael N. Canlis of San Joaquin County talked on the sheriff's office in relation to the district attorney's office and at two p.m. there was a barbecue at Squaw Valley. On Thursday will be held the annual banquet with cocktail hour at 6:30. Friday is to be clearing up day with the naming of committees, ect. A glorious time will be the result of coming to beautiful Lake Tahoe. The north end of Tahoe was greatly honored at having them and we hope they will be

back very soon. Pete Bennett and his associates did a swell job of entertaining the group.

Event of the Year

The Snyders and the Korichs, those two wonderful families, once again put joy into the hearts of about 300 of their friends when they put on a wonderful barbecue for those lucky enough to attend. This is an annual event and is looked forward to each year. The boys in Swiss outfits were lacking this year. Only one had the courage to appear in the cute costume; that is, up to the time we left. That was Bob Snyder. The setting for the gathering was at the beautiful Snyder home on the lakefront in Lake Forest. One wonderful thing about the affair, one gets to meet dear old friends and new ones too, and believe me, those kind of friends are worth more than anything else in the world. Congratulations to those who made this event possible, and thanks a million. And as the Scotchman says, "Lang may yer lum reek wei yer ain cael."

Visitor

Step Edmondson, fire chief of Pasadena's fire department, a friend of ours for many years, was a visitor at the Carl Bechdolt's in Tahoe City over the weekend. Wouldn't be surprised if he made his home in the northern part of the state upon retirement.

Church Smorgasbord

Boy, oh boy! What food they will serve at the big smorgasbord that is held annually at the Kings Beach Community Methodist Church. This will be your opportunity to meet the new minister. The time is from 4 'til 7. The public is welcome, in fact, Millie Chastain says we positively urge all to attend. The fee for all you want is set at \$1.50 and children only 50 cents. Come, won't you? Oh, yes! The date, this Sunday, July 1st.

Improvements

I was invited to attend a meeting of the Tahoe City Improvement

Association last week and, believe me, the problems are plentiful for that beautiful little old city—and, believe it or not, with all the millions of acres of land, the parking problem is the worst. They are already trying to figure what to do for the Olympic games parking. Lots of time, you say? Oh, no, not for that immense job. But with the caliber of people that are planning, it will be overcome. Fred Kilner made a good report on the subject. Dr. S. M. Dingwall presided and Dr. Henry is secretary.

Installation

The Lake Tahoe Lions installation of officers, ladies night, dinner and entertainment held at Crystal Bay Club recently was a grand affair. About 60 attended. The officers installed by Hal Brown of the South Tahoe Lions and also the incoming deputy district governor were as follows: Dave Ashton, president; M. H. Waddell, first vice president; Ernie Crawford, second vice president; Winn Morrell, secretary; Fred Reynolds, treasurer; Jerry Culbertson, tailwister; Walt Speer, Lion tamer; H. Charrison, Mel Throop, Wally Skags and Frank Madison, directors. Jack Felle is the out-going president. Jimmie Chastain entertained with cowboy songs and music. Walt Mandeville was chairman of the evening. The out-going Deputy Governor John Langham of the Sparks Club addressed the gathering.

New Minister

The Rev. Earl Langguth has taken over the pulpit of the Kings Beach Community Methodist Church from the Rev. A. B. Covher who has been assigned to a church at Del Paso Heights. Naturally, the Rev. Covher will be greatly missed by the community as he had done a remarkably good job since coming into our midst and the good wishes of everyone that knew him go to both he and his good wife in

Sierraville Lumber Co. Fined by Federal Judge

SAN FRANCISCO—Federal Judge Oliver D. Hamlin Jr. this week sentenced Sierraville Lumber Co. Inc. of Sierraville to pay a fine of \$200 for criminal violations of the Fair Labor Standards Act. The firm manufactures lumber which moves in interstate commerce. The two individual defendants in the case, R. E. Barrington, president, and John C. Beckman, general manager, were each placed on probation for one year on condition that they pay restitution to their employees computed in the amount of \$2,097.48.

The criminal information was filed by U. S. Attorney Lloyd H. Burke on a recommendation made by Solicitor of Labor Stuart Rothman, based on an investigation made by the U. S. Department of Labor's wage and hour division.

California Lumbering

California's lumbering industry employs more than 100,000 workers with an annual payroll of about \$460 million.

his new church.

Sold, Left

Now the J. C. Glunts have sold their nice home on Fox Street to Mr. and Mrs. Donald Baileys, more or less new comers to our community, the Glunts have left for a stay with their children in Hawthorne, Nevada, before moving on to Florida where they will make their home. They were entertained just about every night during the week before leaving. We wish them lots of happiness in the future.

Visitors

Clarence and Mrs. Williams and their son, Elmer, were visitors from Pasadena last week, as were Mrs. Williams' mother and dad, Mr. and Mrs. A. J. Plank. They stayed with the Miedemas on the golf course.

Law Enforcement

Have you seen the highway patrol in the neighborhood? Well, they are here for one purpose—that is to enforce the laws of the road. This enforcement is not for the benefit of the officer but for your benefit and your children's. Speaking to Tom Sheehan, I was told that they are really going to bear down on speeders, illegal parking and especially on those that carry an out-of-state plate when they live and work in California. And the court is 100 per cent behind them.

Stake Of Communities In Railroads Is Cited

The stake of communities in the welfare of a railroad was pointed up when Southern Pacific's President D. J. Russell announced SP's tax payments for 1955.

The railroad paid out more than \$53,500,000 in taxes for last year, Russell said. The figure is about \$1,500,000 over that of 1954.

Put another way, the taxes are like a golden flow of more than \$100 a minute around the clock all year long, the president stated.

"We get some satisfaction in thinking that the size of our tax bill is evidence of the economic importance of our railroad to the territory we serve," Russell commented.

If all of SP's 1955 taxes were to go into education, the rail executive pointed out, the crowded school systems of the west and southwest could expand appreciably. There'd be enough money to send nearly 200,000 more elementary students through a full term, he said.

Among the tax beneficiaries are 2,631 school districts, Russell noted. The school units are sharing a \$23,787,000 bonanza with 1,325 miscellaneous districts and with eight states, 232 counties and 574 cities, he added.

Biggest chunk of the SP tax money—more than \$18,000,000—

will go to the federal government under the Railroad Retirement Act. Uncle Sam will get another \$9,000,000 in income taxes and about \$1,600,000 in unemployment taxes.

Tahoe Sierra Chamber Hears Plans For Emerald Bay Slide Conquest

Problems of reestablishing and maintaining an all-year highway completely around Lake Tahoe were extensively discussed at a meeting of the Lake Tahoe Sierra Chamber of Commerce at Zephyr Cove last Friday afternoon.

J. W. Trask, district state highway engineer from Marysville, explained that the biggest obstacle faced is the problem of slides at Emerald Bay. Highway 89 has been blocked since last December by a huge landslide which has completely buried the highway.

Shortcut Bridge

Trask said his office was studying four proposals to combat the slide menace: a bridge across the mouth of Emerald Bay, an extra-width roadway, a tunnel and a "rock shed" similar to the snow sheds protecting Southern Pacific railroad tracks over Donner Summit.

He said a report under preparation suggesting a solution has not

been completed. "Until it is, we cannot make any recommendations but the answer will probably be determined from an economic point of view," Trask said.

The proposed bridge across Emerald Bay would cost approximately \$5,000,000, Trask told the group.

The tunnel under study would pass through the mountainside where slides occur annually.

The "rock shed" would consist of a sloping heavily reinforced concrete "roof" which would carry landslides over the highway area.

Other Proposal

A. E. Abeel, retired Berkeley engineer, said he plans to urge Trask to consider building a structure resembling a massive snowshed at the Emerald Bay slide site to prevent future avalanches of earth and rock from the blocking the route.

Abeel said he had personal experience with such a device several years ago when slides similar to

those at Emerald Bay menaced the Western Pacific railroad tracks and bridge at Pulga in the Feather River Canyon.

Trask said when the report outlining the various proposals was completed it would be submitted to State Highway Engineer G. T. McCoy for study.

C. Don Huff of Homewood, president of the chamber, said Lake Tahoe businessmen and residents want an all-year highway provided but will leave it up to the division of highways to decide how this can be done.

Work Goes On

Meanwhile, crews working on the landslide have been augmented with five giant bulldozers and 20 men in an effort to reopen the highway to normal traffic.

Trask said the slide area may be reopened by August 1. He said that men and equipment have worked their way from the top of the mountain to within 75 feet of the main slide.

"Once crews begin on the slide itself," he said, "it should be only three or four weeks before the road will be opened to limited traffic."

Work on this slide was begun by contractor H. Earl Parker of Marysville on April 17.

At the same meeting, State Senator Harold T. Johnson of Roseville assured those gathered that there will be a new highway along the west side of Lake Tahoe by 1960.

"I am sure the state division of highways will work out a solution for an all year highway on the west side and I will be happy to join Senator Swift Berry (of Placerville) in implementing legislation toward that end," Johnson declared.

Park Group Balks

Almost at the same time of the Tahoe meeting, the California state park commission, meeting at Oakland, again proclaimed their opposition to the construction of a bridge across the bay, contending it would mar the beauty of the landscape in both Emerald Bay and D. L. Bliss state parks.

The park commissioners noted that beside destroying the beauty of the landscape, it would disrupt camping grounds in the area.

They pointed out they have spent \$150,000 in the last two years expanding and improving Emerald Bay state park.

Opposed to this argument are a great many Tahoe business people who believe the economic benefits to the region should at least receive equal consideration with the aesthetic ones.

Brockway Rotarians To Mark Anniversary At Meeting Monday

KINGS BEACH—President Bill Randall of the Rotary Club of Brockway presided at his last regular meeting of the club Monday night at the Crystal Bay Club. The

next meeting will be held Monday night, July 2, and will be an invitational ladies night with clubs represented from Sacramento, Auburn, Placerville, Truckee, Tahoe City, Carson City, Sparks, Reno, South Lake Tahoe and Minden.

Water Matters

Bill Bechdolt of Tahoe City, a member of the California-Nevada interstate water compact commission, told of the studies being made by his group of the Carson, Truckee and Walker rivers, where dams are proposed. He also talked on agricultural lands at Fallon and Carson Valley in the light of hydroelectric development.

Bechdolt discussed flood control and irrigation aspects of the commission's work and said the group will make boat trips around Lake Tahoe for survey purposes, going by road on rough water days, to better survey pier damage.

Dr. Ralph Reynolds Dies Suddenly In Bay Region City

DONNER SUMMIT—The entire Donner Summit area was saddened to learn of the sudden death of Dr. Ralph A. Reynolds at San Francisco on Monday. The doctor was a leading physician and civic leader in the bay area. He was also active in community affairs in and around Soda Springs, where he owned a vacation home.

His widow and other members of his family were visiting their summer home when word came of Dr.

Reynolds' passing. He was 64 and a native of Kansas. He had lived in California since 1921 and served two terms as president of the San Francisco Council for Civic Unity. Dr. Reynolds was widely known for his medical studies into criminal behavior and had conducted research programs at San Quentin prison. He was an enthusiastic skier and formerly served as a National Ski Patrolman in the Donner Summit area.

Private funeral rites were scheduled at San Francisco today.

Wholesale trade in San Francisco ranks second in payrolls and third in employment.

STRICTLY STRICKLAND

By Bill Strickland

DONNER SUMMIT—A general clean-up seems to be the order of the day now that the snow has melted sufficiently to clear, and has also uncovered all of last winter and spring's deposits of trash, wrappers, bottles, etc. Ralph Rowton has a crew cutting up all the old cars that have been stored there until releases have been authorized by the insurance companies. The job will just about finish in time to make way for a new batch of tired looking wrecks that will be towed in and parked, and another cycle will have started.

Fred Marcott has been very busy these last few days building a small mill out by Devils Peak. At one time quite a large mill was operating at Huntley Lakes, which is just around the corner from the Peak. That's a large corner too! Access is via the old road crossing at Troy; so another mechanized way will be opened for the fishermen and hunters to use later in the year.

The first session of the Audubon Society is going full blast. Ran into a fellow who got off the bus at Donner Summit Lodge the other day. He didn't have any trouble getting that far, but was at a loss as how to get that last three miles into the Sugar Bowl. I wonder how some of the flatlanders find their way back to the lodge when they've been out in the woods all day.

With sincere sorrow we report the death of Dr. Ralph Reynolds.

SKY-HIGH—Perched atop the most-climbed poles at Schofield Barracks, Hawaii, these linesmen are students at the 25th Signal Company's school, which trains soldiers of the 25th Infantry ("Tropic Lightning") Division in a wide variety of communications techniques. Whether by wire, radio, or by TV—their motto is "The message must get through." This summer the School will conduct classes for the National Guard and Reserve organizations during their two-week training encampment.

ANNUAL JEEP TRIP TO TAHOE WILL BE MADE BY CHAMBER

AUBURN—The 6th annual Auburn-Wentworth Springs-Lake Tahoe jeep trip sponsored by Auburn Chamber will be held July 14th and 15th. Reservations must be in to the Auburn Chamber of Commerce by July 7th. A small fee covers the following meals, steak dinner Saturday night, ham and eggs

Just last week we wrote of his being up here with a group from the City to open his tennis court and swimming pool. He was very active in sports and a very ardent booster of our mountain top as a ski area.

Sacramento State Classes at Tahoe Summer Session

Creative and scientific activities will be featured in the second annual Lake Tahoe summer session of the Sacramento State College set for July 9 to August 17 in the Tahoe City elementary school.

Three two-week series of courses will offer academic credit in art, music, natural science and dramatics. Art, music and dramatic presentations will feature a special evening symposium in humanities. Students may register at 10 a.m. on July 9, July 23, and August 6. Limited registration will be accepted on other Mondays during the session. Classes will be limited to 25 and in most cases will be held in morning hours.

The art program will include drawing, painting, watercolors, and elementary school art education courses. Both novices and advanced

Sunday morning and lunch Sunday. The first group will leave Auburn from the Freeman Hotel at 9:00 a.m. Saturday with Lauran Byran as leader. The second group will leave from the Freeman Hotel at 1:30 p.m. with Ray Shull leading. Participants should bring knife, fork and spoon. Those leaving Saturday morning should take their lunch.

After leaving Auburn the first stop will be in Georgetown then on to Uncle Toms Cabin where a stop will be made to renew acquaintances with Aunt Erma Lawyer, proprietor of Uncle Toms, then on to Wentworth Springs where the group will be hosted by Orrin Ellingson, owner of Wentworth, one of the oldest remaining state stop hotels which was built in 1884 and is still used as living quarters and a store by Ellingson. Here some of the group will get out their fishing gear and try their luck in the streams and lakes that are near by for those wonderful mountain trout.

Willis station wagons and pickups will not be accepted as Jeeps are the only vehicle that can make this route without trouble.

Forest Fire Threatens Homes, Resorts Area At North Lake Sunday

Bright orange flames from a briefly uncontrolled forest fire on Sunday night illuminated Crystal Bay at Lake Tahoe.

The fire threatened summer homes on the steep rock shore of Crystal Bay below North Shore Club but was quickly confined by Forest Service crews and volunteer firemen from Kings Beach, Tahoe City and Truckee.

Autos which jammed the bottleneck entrance to Crystal Bay spilled out hundreds of spectators as the flames whipped up the steep ledge from the water's edge.

Dozens of automobiles parked on the upper reaches of the Mount Rose Road while their occupants were held spellbound with a grand stand view of the fire.

The fire fighting crews, briefly hampered by a lack of dirt to smother the leaping flames, confined the blaze expertly. Hose lines were dropped to the fire area from tank trucks rushed to the scene.

George Zappettini, assistant Nevada state forester, credited the fire crews with keeping the flames from a number of summer homes which virtually hang from the steep cliff. A stiff breeze which had been prevalent earlier in the

ed students will be accepted.

Music courses will give experience in interpreting symphonies, concertos, operas, and ballets. Extensive use of recordings will be made.

Science classes will concentrate on nature study and conservation, and will take advantage of the trails and wildlife areas in the vicinity.

Members of drama classes will act in or help direct and produce plays and readings during the session.

tudents must make their own arrangements for housing. Facts about the academic program may be obtained from the dean of the summer session at Sacramento State College in Sacramento.

NOTICE TO CONTRACTORS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, hereinafter referred to as the "Owner" will receive up to, but not later than 5:00 P. M., on the 16th day of July, 1956, sealed bids for the award of a contract or contracts for removing trees, clearing and grading Kings Beach School grounds, the site being located at Kings Beach, California. Such bids shall be received at the office of the Superintendent of Schools, Tahoe-Truckee High School, Truckee, California, and shall be opened and publicly read aloud at the above stated time.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, part 7, Division II, of the Labor Code, and Local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

CLASSIFICATION	HOURLY WAGE RATE	LEGAL HOLIDAYS AND OVERTIME
Laborer	\$2.42½	*
Power Grader, Power Planer, Motor Patrol or any type Power Blade	3.25½	*
LeTourneau Pulls (Jeeps, Terra Cobras, LePlante Choate, and similar types of equipment)	3.25½	*
Tractor Operators	3.09½	*
* OVERTIME — Regular - Time and one-half Sundays and Holidays - double time		

Each bid must conform to the requirements of the plans and all other documents comprising the contract documents. The Contract documents may be examined and copies obtained at the Office of the Owner, Tahoe-Truckee High School, Truckee, California.

No bid will be considered unless it is made up on a form provided by the Owner and accompanied by the certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above-mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the contract if it is awarded to him in conformity with the contract documents and shall provide the surety bond or bonds required within five (5) days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty (50%) percent of the contract price, and a faithful performance bond in an amount equal to one hundred (100%) percent of the contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

Dated this 27th day of June, 1956.

R. E. SMART, President of the Governing Board of the TAHOE-TRUCKEE UNIFIED SCHOOL DISTRICT. (tjy12)

May Seek Embargo On Trout Shipment From Outside State

The state department of fish and game will ask the fish and game commission to consider the desirability of imposing a complete embargo on imports of live trout into California in an effort to prevent introduction here of the highly virulent redmouth disease.

Its recommendations will be made at the June 29 meeting of the commission to be held in San Francisco. It is probable that public hearings will be held to determine the best course of action.

Fisheries disease specialists of the department reported that the disease is prevalent in many commercial hatcheries in the Rocky Mountain area, from which live trout are shipped to California.

Last year about 900,000 live trout weighing about one-quarter of a pound apiece were imported into California. Most of these went to the 200 commercial trout fishing ponds in the state.

Redmouth disease, so-called because of the reddish inflammation it causes on the trout's mouth, tongue and throat, not only causes big losses at hatcheries but is very difficult and costly to control.

The disease also is known to infect wild trout although it makes more severe inroads in hatchery fish because of crowded and artificial conditions. At present there are now no known areas of major infection in California.

It affects rainbows, eastern brook and brown trout and is believed to affect other species.

The Easy Way

It is much easier to prevent than to put out forest fires. Be careful with matches, burning tobacco, camp fires and incinerators. Help keep California green and golden this year.

Insular California

The principal islands claimed as part of the state of California are San Miguel, San Clemente, San Nicolas, Santa Cruz, Santa Rosa and Santa Catalina.

day had died out by the time the fire broke out.

The blaze consumed about an acre of heavy brush and trees. A small crew was still on the scene Tuesday "mopping up" stubborn hot spots to prevent the fire from rekindling. It was believed started accidentally by fishermen.

State Asked To Take Local Road

The highway committee of the California State Chamber of Commerce meeting in Auburn last week recommended, subject to approval by representatives from the Tahoe area, that the Brockway Cutoff between Truckee and Kings Beach, be made a portion of the state highway system.

Ten miles of this road are in Placer County and approximately two miles in Nevada County.

For many years efforts have been made by the residents of both Truckee and the Kings Beach area to have this section taken into the state system to provide more adequate improvements. Each year, the lateral becomes more heavily traveled and with the approach of the 1960 Winter Olympic games, its need as a road to serve the area and relieve the strain on the main arteries becomes more important.

Representatives of the Placer

County Chamber and other civic organizations attended the meeting at Auburn and the state division of highways was praised for its work in four laning U. S. Highway 40.

The committee also met at Sierraville last week and recommended improvements on highways in that area. A plan to get the committee to change the routing of Highway 40 from Truckee to the Nevada state line was heard but no action was taken.

Judge Propp Gains, Still Faces Run-Off

Incumbent Superior Judge Le-land Propp of Placer County polled 240 absentee votes to 227 for his principal opponent, Floyd Bowers of Roseville. Gerald B. Wallace added 47 to his total in the absent ballot canvass Monday. Propp holds a substantial lead but lacked 297 votes of a majority over his opponents and will face Bowers in the general election on November 6.

New Water Group Will Employ Minimum Of 750 People For Task

SACRAMENTO —(CNS)— Harvey O. Banks, chief of the state division of water resources, who will be the director of the new state department of water resources when it starts functioning July 5, told the Central Valleys Flood Control Association the new department will hire a minimum of 750 people.

At the present time, he said the division of water resources employs about 550 people. This group will be transferred to the new state department, and the additional 200 people will be added.

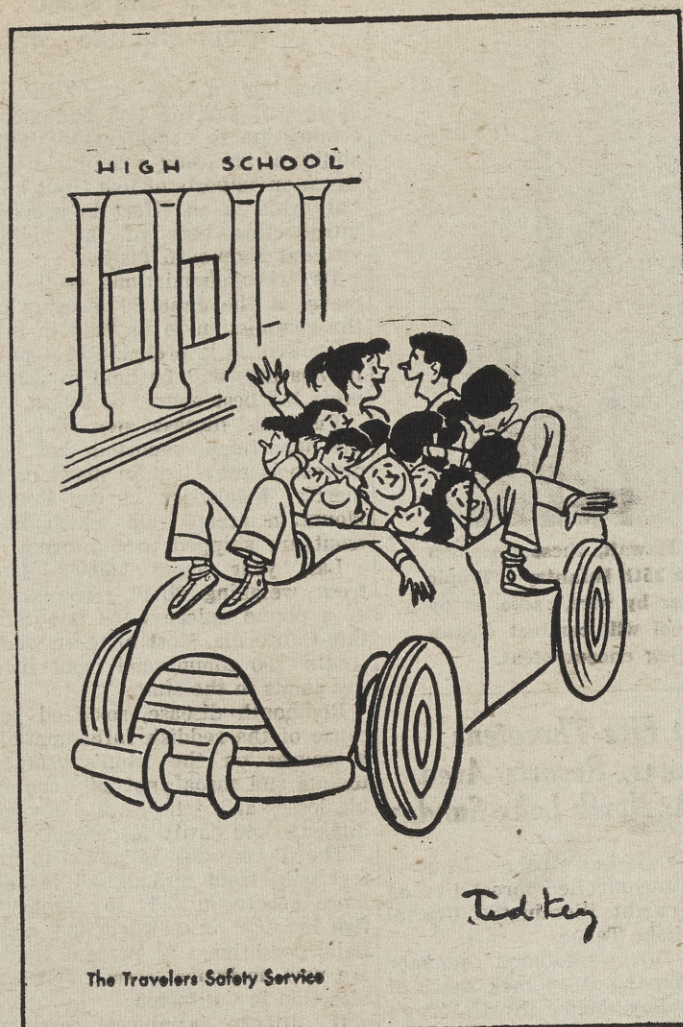

Banks told the association, which held its annual meeting here, that the state is over-drawing its developed water resources by five million acre-feet per year. When the Feather River project is in operation, it will just about take care of the annual deficiency.

Construction of the project, he said, is expected to start next spring, with the relocation of the state highway and the railroad the first phases of the project.

Other addresses were given by John M. Luther, manager of the association, who reported on progress made during the past year, and Brigadier General William F. Cassidy, division engineer of the Army corps of engineers in San Francisco.

Fatal Fallacies

by Ted Key

"Who's driving?"

Steam Locomotives Are Fast Becoming Historic Rail Relics

The vanishing steam locomotive which once ruled America's railroads got another nudge toward oblivion this week.

Southern Pacific, one of the nation's predominantly diesel powered roads with but relatively few steam engines still in service, announces it is earmarking an additional \$24 million for more diesels.

Last year the railroad put in a \$34 million order for 185 units, all of which already have been placed in service.

D. J. Russell, president of Southern Pacific, said the railroad will now add another 154 units, all to be developed by the end of next

April. Included will be 90 freight diesel units and 64 switchers.

The additional units, he said, will increase SP's diesel fleet to 2,000 units, representing nearly three million horsepower and an approximate outlay of \$313 million.

"But the investment has been worth every cent," declares Russell, who is steering Southern Pacific toward complete dieselization by about the end of 1958. "Each diesel unit replaces and does the work of approximately one and a half steam locomotives."

Southern Pacific, 90 per cent dieselized with only 405 steam locomotives today against 2,102 in 1946, is only typical of the industry-wide trend.

Most of the nation's retired steam locomotives have been scrapped, but many roads like Southern Pacific have turned a number over to communities along their lines—to grace city square, captivate the imagination of small children and recall to oldtimers those nostalgic days when steam was king and to which, as far as railroads are concerned, there's no turning back.

It's Ag'in' the Law

A recent law which prescribes stiff penalties for littering our highway roadides is now in effect. Don't throw litter from your car—carry a trash bag.

North Lake Poppy Sales Well Ahead Of 1955 Figures

KINGS BEACH— Officers of Post 7077, Veterans of Foreign Wars, this week issued a report on the "Buddy Poppy Days" drive which their post and its auxiliary conducted May 24 to 26. The report was made at the last meeting of the post and warmly commended the people in all the communities for Incline Beach to Homewood for "their wonderful support" of the drive. That is the area embraced within the jurisdiction of Post 7077.

A total of 767 poppies were sold for a total of \$250, a 25 per cent increase over 1955. The artificial flowers are sold each year by the VFW and its Auxiliary throughout the nation to raise funds to assist disabled and hospitalized war veterans.

The committee under the joint chairmanship of Earl Gray and Mrs. Virginia Karnazewich received high praise for the manner in which the sale was organized in the north Lake Tahoe area.

Others serving on the committee were Grace Day, Vera Woods, Bill Dugan, John S. Crenshaw, Theresa Molsberry, Beverly Newell, June Mandeville, Diana Finigan, Fay Olsen, Peggy Rhodes, Icy LaBorde, Jeanette Cinani, Pearl Moore and Ray Plunkett. Volunteer workers assisting them were Francis Howard, Mrs. Rue Damon, Marge Mandeville, Leita Louise LaBorde, Valerie Mandeville, Warren Little, Dorothy Mercer and Dorothy O'Brien.

The local VFW post also sponsored a Memorial Day display honoring the war dead of the United States in the window of a Crystal Bay business house.

Pine Production Stable, According to Report

SAN FRANCISCO— Western pine lumber producers so far this year have chalked up a two per cent increase over the same period last year.

The Western Pine Association said production for the week ending June 9 on the basis of figures from 108 mills showed production of 85,159,000 feet compared with 75,042,000 feet in the preceding week.

For the year to date, orders are off four per cent; shipments off three per cent from last year. However, during the week orders totaled 75,180,000 feet and shipments were 81,596,000 feet.

The report covers ponderosa, sugar and Idaho white pine and associated species.

ORDINANCE NO. 209

AN ORDINANCE ADOPTING A COMPILATION AND CODIFICATION OF THE ORDINANCES OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, ENTITLED "THE CODE OF THE COUNTY OF NEVADA, CALIFORNIA, 1956", PROVIDING FOR THE REPEAL OF CERTAIN ORDINANCES NOT INCLUDED THEREIN, WITH CERTAIN EXCEPTIONS AND FOR OTHER PURPOSES HEREINAFTER SET FORTH.

THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, DO ORDAIN AS FOLLOWS:

Section 1. That there is hereby adopted by reference by the County of Nevada that certain Code entitled "The Code of the County of Nevada, California, 1956", containing certain existing ordinances of said County of Nevada of a general and permanent nature as compiled, consolidated, revised, codified and indexed in the following chapters, namely, chapter 1 to 13, both inclusive, set forth in said Code.

Section 2. That all ordinances of the County of Nevada of a general and permanent nature in force on March 1, 1956, and not contained in such Code are hereby repealed.

Section 3. That the repeal provided for in the preceding section of this ordinance shall not affect any offense or act committed or done or any penalty or forfeiture incurred or any contract or right established or accruing before the

Tahoe City Rotary On Summer Schedule

TAHOE CITY—President Steve Korich presided over the first noon luncheon meeting of the summer season when the Tahoe City Rotary met at Tahoe Inn on June 19.

Rotarians present included the following visitors: Charles Black, Lodi; Irving Williams, Bakersfield; Richard Lavery of Brockway; Gordon Meyer, Yuba City; The Rev. Weldon Mickel, Crescent City; Wesley Hill, Peta-

luma; Howard Parker, St. Helena; George Bettincourt, Truckee; Don Huff, Woodland and Tahoe; Geo. White, Fair Oaks.

During the meeting, Chief Al Henry of the Tahoe City Fire Department spoke at length explaining a proposal to make an extension on the local fire district. The proposal was that the district be extended about 4½ miles north and south of Tahoe City along the lakeshores and the same distance down along the Truckee River.

The color variations of dolphin are so great that no two are alike.

Pollution Board Hears Sewage Problems At Meeting in Tahoe City

TAHOE CITY—At a meeting of the Regional State Water Pollution Control Board at the Community Center hall here last week C. W. Vernon, Tahoe City PUD manager, was especially invited to explain the difficulties of the local sanitary sewer system during the past winter season.

Vernon reported that on the same morning of the pollution board meeting, the local district's board of directors had met at his office and that a decision had been reached to deepen the winter sewage ditches. Also it was decided to make a study of the feasibility of pumping the effluent over the mountain back of the plant during peak loads of sewage. He told the pollution board that this district recently installed two auxiliary sewage pumps which had been left out at the time of the system's installation. The third pump, he said, is now on order and will be installed this fall. He also advised that he has compiled figures which indicate the pipes and other installations necessary to pump some 2500 feet distance over the mountain would cost approximately \$10,000. Vernon said the Tahoe City PUD is not financially able to accomplish it.

It was recommended by the board that the PUD investigate and make an attempt to annex additional territory nearby which is additional territory nearby which is territory lies south of the Truckee River as well as northeast of the state park here.

C. Edmunds, a member of the pollution control group and manager of the Truckee PUD, offered to meet with the Tahoe City PUD directors to make a study and to map out areas outside the district which are in serious need of adequate disposal facilities. He said he would also prepare a petition to be circulated among property owners of such areas. Vernon said he would try to arrange a meeting in the near future for taking care of these matters.

Mile-High Regatta Stated at Lake Tahoe With Big Entry List

TAHOE CITY—Many of the fastest inboard racing boats on the coast will compete July 7th in the fourth annual Mile High Regatta on a lake course near Homewood.

Fred Main, race chairman for the chamber of commerce, said earlier plans to race again off Tahoe City's waterfront have been dropped. He pointed out the Chambers Lodge course, seven miles south of Tahoe City, is protected

from the wind and consequently has less rough water.

In addition to a large number of limited speedboats, Main said owners of six unlimited class hydroplanes already have filed entry applications. The high powered unlimiteds, registered in the Gold Cup Class, will compete for the Mapes Cup, won last year by J. Philip Murphy's Breathless.

The Breathless will race again this year, together with the Henry Kaiser owned hydros Scooter Two and Hawaiian Village, William Rhodes' Miss Thriftway, W. J. Wagner's Shanty I and Rebel Suh owned by Ted Jones.

Main said it is hoped the famed Slo Mo Shun V of Seattle, badly damaged in last year's Gold Cup qualifying, will be ready in time to race on Tahoe.

The July date has been approved by the American Power Boat Association. The APBA sanction means all winners will receive points toward the 1956 national class championships.

Will Make Public Liquor License Lists

SACRAMENTO (CNS)—Russell S. Munro, director of the state department of alcoholic beverage control, announced his department has begun publishing a monthly list of surrendered liquor licenses available for sale.

This, Munro said, will prevent interested parties from obtaining "inside" information from department employees concerning such licenses. The director pointed out that surrender of a license under department rules is a matter of public record and that the information is available to anyone.

Munro said rumors had reached him that outside individuals had been claiming "inside" sources of information and "influence" within the department. Munro issued the first list of such licenses as compiled on June 1.

State Law Requires Dimming of Lights

SACRAMENTO—California law requires motorists to dim headlights when approaching another car either from the rear or head-on, says the California Highway Patrol.

"Improperly adjusted headlights or failure to depress the lower beam when approaching another car at night is unlawful and discourteous," declared Patrol Commissioner B. R. Caldwell.

"Drivers are urged to have their car lights properly adjusted and to use them lawfully at all times," Caldwell said. "If you meet someone who does not lower the beam, do not use your high beam in retaliation. This only adds to the danger by causing both to be blinded at the same time."

"The better and safer method is to look to the right side of the pavement ahead and away from the bright lights," he continued. "Keep your car as near the right hand edge of the pavement as possible and slow down."

Program Subject To Change Without Notice

Now is the time to mark your July special events calendar, as your Chamber is helping to bring you a host of events that are unequalled by past performances. We hope that they are both profitable and businesslike as well as entertaining. The fireworks display on the evening of July 4th at the west end of Donner Lake promise to be bigger and better this year, so I am told by Earl Stice, chairman of this year's event. Let's all turn out to see a beautiful display of aerial artistry.

Now that the friendly Southern Pacific's hotel building is being moved to a less auspicious location, downtown Truckee has an ideal spot for a new public building and additional parking space. Being centrally located and very accessible, both summer and winter, I can visualize a new post office and justice court and other offices as well as a meeting hall on that location. It is a project that would be well worthwhile looking into.

I have had many calls for job assistance and requests for housing, and will be glad to have your listings both employment wise and housing. If anyone cares to give me a call, the telephone numbers are 300 or 478. The housing shortage has already become a very real problem. It is certainly hoped that some new developments get underway soon; otherwise our growth may be completely halted.

For those of you who have been asking about the highway, the contracts on the Floriston section will be let the first of August, with construction proceeding through most of this winter. Your state highway commission oked the routing from Donner Monument to Floriston at their last meeting. It is expected that the center line survey of this route will be made some time this summer so that the acquiring of right of way can begin early next year.

— Hal Welch

Truckee Bakery Opens Again Next Monday

Val and Jack Stewart were in Truckee from Reno this week, making preparations for the re-opening of the Truckee Bakery next Monday morning. The shop will be in its former location in the Smith Block on Commercial Row and will be open daily from 9 a.m. to 6 p.m., Sundays excepted. The Stewarts operated the bakery here for two years before moving to Reno last year. They will continue to operate in Nevada and will have all their baking done there. A complete line of cakes, pastries, pies and fresh bread will be brought to the store here each day. Mrs. Lucille Smith of Reno will manage the Truckee Bakery for the Stewarts.

Catholic Mass Calendar Is Expanded in Parish

Father Leo McAllister, acting pastor of the local Catholic parish, reminds those planning to attend Mass on Sundays throughout the summer that a new schedule will become effective beginning next Sunday, July 1, and extend through September 2.

Mass at Assumption Church in Truckee will be at 8 and 10 a.m.; at Corpus Christi Chapel, Tahoe City, 8, 9:30 and 11 a.m. and 5 p.m.; at Our Lady of the Lake Church, Kings Beach, 8, 10, 11:30 a.m. and 5 p.m.; at Beacon Hill Lodge, Soda Springs, 10 a.m.; Field Mass at Meeks Bay, 12 noon. At 9 a.m. in Tahoe City and Kings Beach there will be Mass on the first Friday and Saturday each month with daily Mass in Truckee at 8 a.m.

Father McAllister says that confessions will be heard before each Mass and between 7:30 and 8:30 Saturday evenings in the Truckee, Kings Beach and Tahoe City churches.

Home Again—

Mrs. Steve Kolos returned home last night from a two-weeks visit in Miami Beach, Fla., with her husband's mother and brother.

Happy Date—

Judy Giovannoni, daughter of Mr. and Mrs. Frank Giovannoni, was feted on her birthdate, June 25, celebrating the event with gifts and decorated cake for the young honoree.

Canada Trip—

Mr. and Mrs. Joe Straub and family returned last week from a vacation trip, including Canada in their itinerary.

Fire Fighting—

Dean Vinson has just returned from a fire fighting assignment in Arizona.

Traffic Accidents

(Continued from Page 1)

trol on the soft shoulder. Sturcke investigated but no citation was issued.

Info Lake

John Anthony Lambres of Truckee sustained painful injuries at 9 o'clock Sunday evening when he swerved his car into Donner Lake off of Highway 40 to avoid a collision. An unidentified vehicle attempted to pass Lambres, who was in a line of cars, but cut in too sharply when another car appeared around a turn. The local man was taken to Tahoe Forest Hospital by Truckee Ambulance. Patrolman Carroll Maynard conducted the investigation. No citation was issued.

Leaves Scene

Sgt. Snyder says charges of leaving the scene of an accident and failure to render aid to an injured person are pending against D. H. Kynast of Fresno, who had been employed at Lake Tahoe. According to Patrolman E. R. Meixner, who investigated, Kynast was driving a car which was wrecked a mile west of the state line on Highway 40 Tuesday evening. It is believed Kynast was driving east while Steiner was unconscious.

Summit Post Installs Truckee Legion Leaders

New officers of the American Legion Truckee Post No. 439, elected June 14 will be installed at Donner Summit Lodge, August 5 as the guests of Donner Summit Post No. 811. A 2 o'clock barbecue will add much pleasure to the event.

Lloyd Everett is slated to be the new commander of the local post; Robert Leamon, junior past commander; Frank Fox, first vice commander; Don Pickard, second vice commander; Frank Quilici, adjutant and finance officer; Frank Wilson, chaplain; Everett Parker, service officer; Jim McIver, historian; Heslin Cardinal, Sergeant at arms; and Robert Leamon, judge advocate.

A silver star award was given to

the Truckee post by Charles Reynolds, representative for the 6th district, from Donner Summit for meeting the 1956 membership quota.

Members of the executive committee are: L. Everett, H. Cardinal, Frank Giovannoni, R. Leamon, E. Parker.

Represents Group—

Nona Rae Coffey, junior past royal princess, will represent Donner Council 13, Pythian Sunshine Girls, at the state convention at Richmond July 13-14. She will be accompanied by Mrs. Pearl Heller, Mrs. Lillian Miller and other officers who are planning to attend.

Tarzan

by EDGAR RICE BURROUGHS

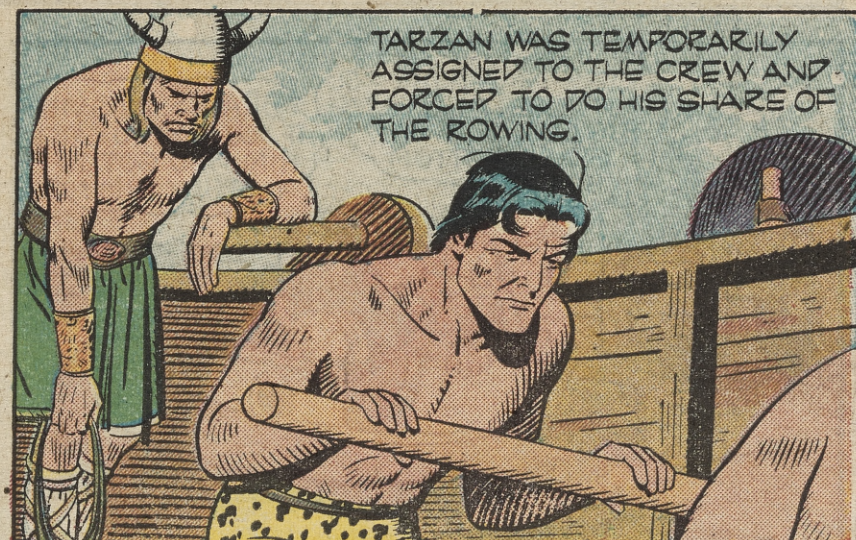

DETERMINED VIKING WARRIORS BROUGHT TARZAN TO THE SHORES OF A MOUNTAIN LAKE WHERE A STRANGE VESSEL WAITED AT ANCHOR.

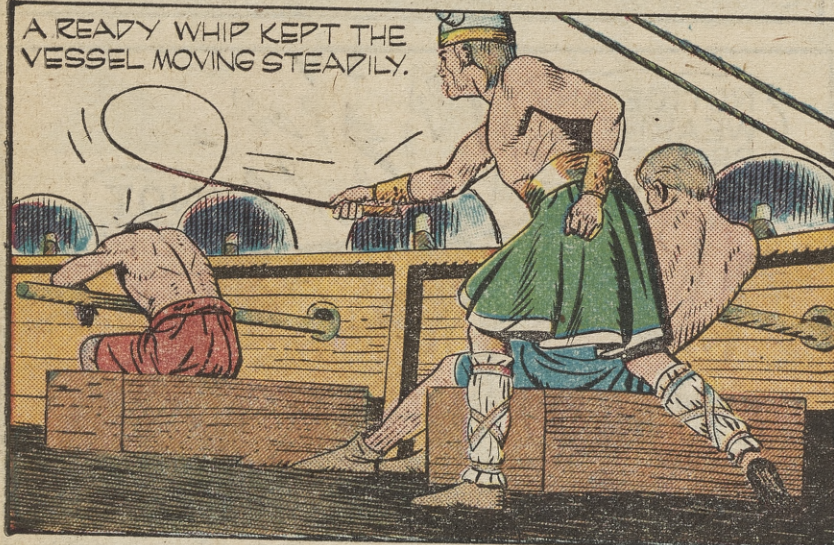

SOON THE LORD OF THE JUNGLE AND HIS VIKING CAPTORS WERE ABOARD, AND THE GREAT SHIP SAILED OUT INTO THE MYSTERIOUS WATERS.

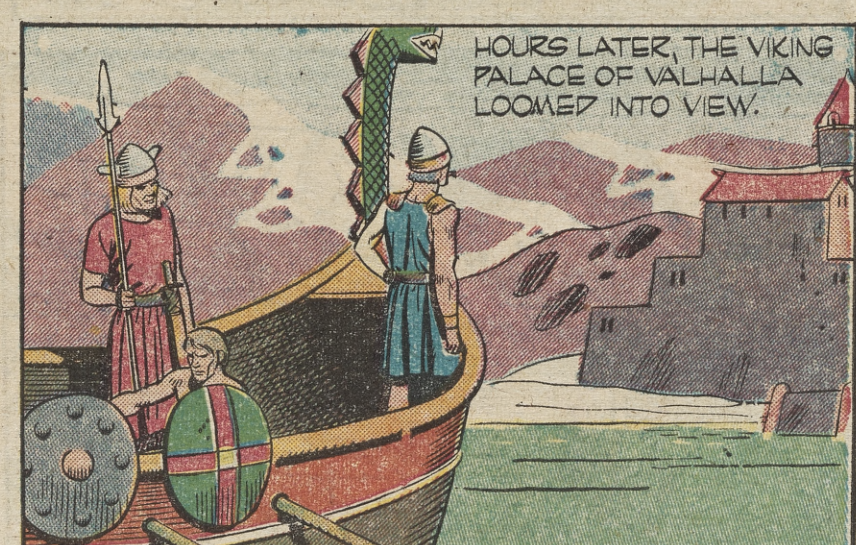

TARZAN WAS TEMPORARILY ASSIGNED TO THE CREW AND FORCED TO DO HIS SHARE OF THE ROWING.

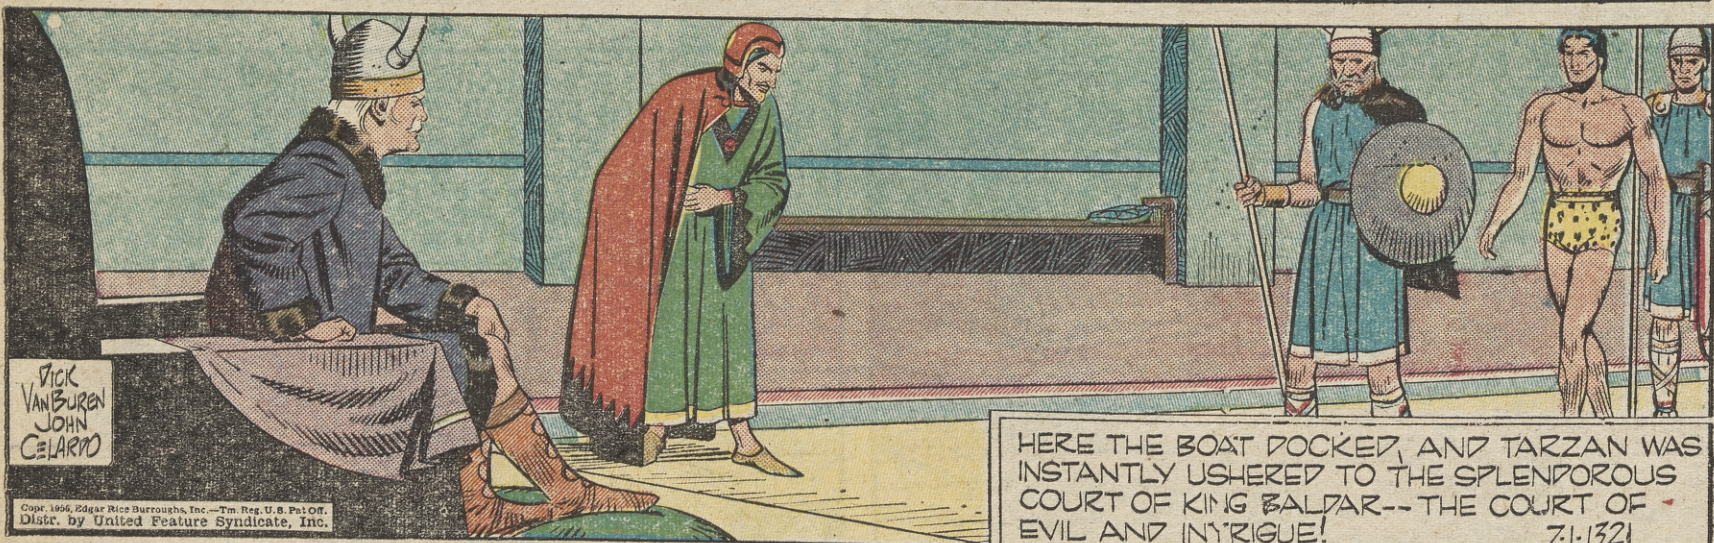

A READY WHIP KEPT THE VESSEL MOVING STEADILY.

HOURS LATER, THE VIKING PALACE OF VALHALLA LOOMED INTO VIEW.

HERE THE BOAT DOCKED, AND TARZAN WAS INSTANTLY USHERED TO THE SPLENDOROUS COURT OF KING BALPAR-- THE COURT OF EVIL AND INTRIGUE!
